Toolchain Smoke Test (pdflatex chain)

2026-10-12

Abstract

Minimal artifact verifying the md → LaTeX → PDF pipeline: math, tables, cross-references, bibliography, and PDF metadata with an empty `pdfauthor` field for double-blind compliance.

1 Conservation law

The scattering layer enforces $T + R + A = 1$ with irreversible dissipation:

$$T(\ell) + R(\ell) + A(\ell) = 1, \qquad A(\ell') \;\geq\; A(\ell) \;\; (\ell' \geq \ell). \tag{1}$$

Equation (1) is the auditable budget ★.

2 Frozen verdict table

Attack	Blocked	Leaked	Verdict
Deletion	8	0	PASS
Reorder	8	0	PASS
Rewrite	7	1	FAIL-E1?

Table 1: Placeholder rows for smoke purposes only.

A citation to the shared external pool [1, 2].
